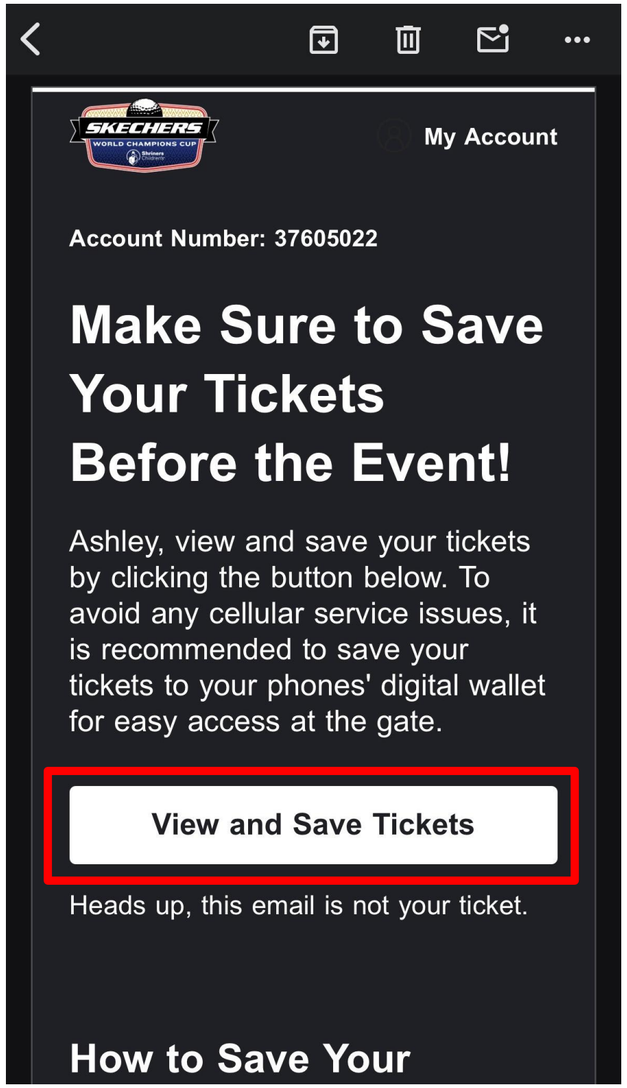
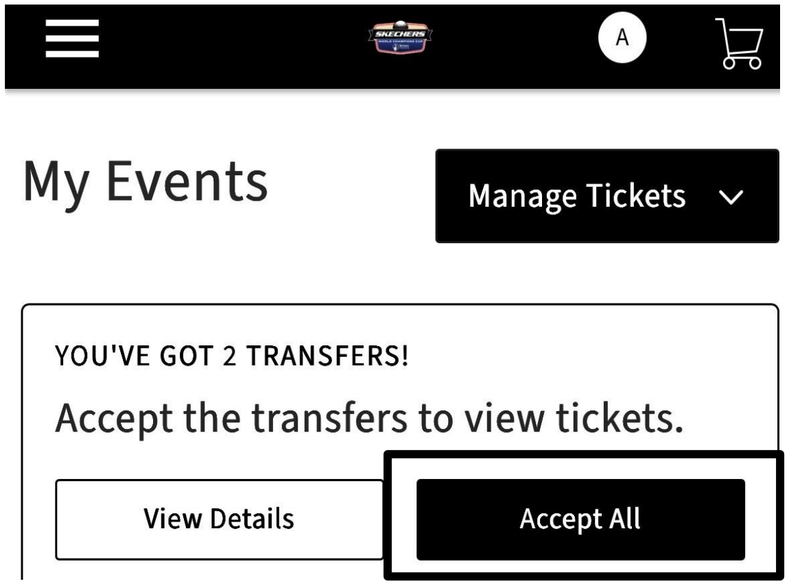
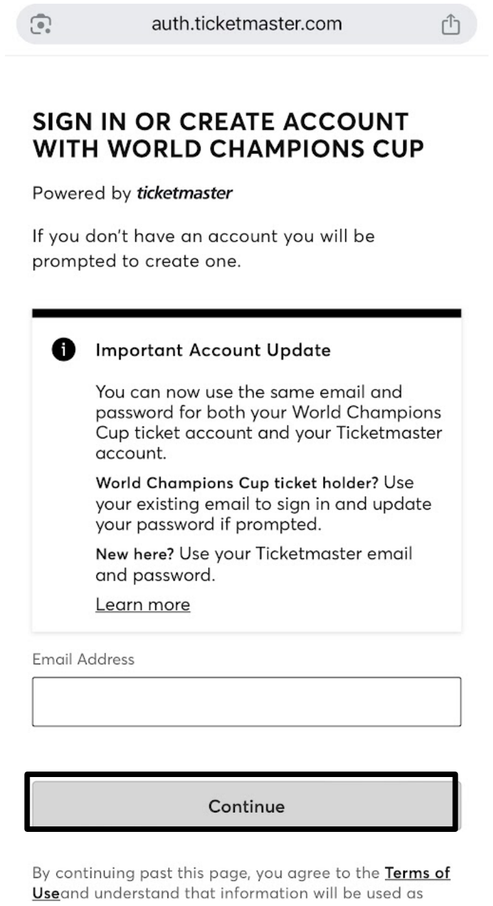
1. Check your email for the transfer offer. It will come from World Champions Cup- noreply@ticketmaster.com. If you are having trouble finding the email, search your junk folder, or search all your inboxes for an email from World Champions Cup. Once you located the email, click on the “Accept Tickets” button in the email.

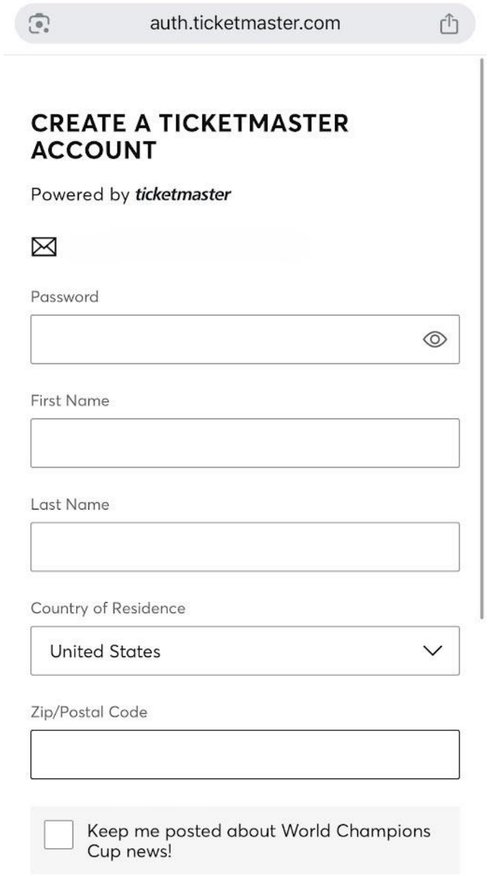


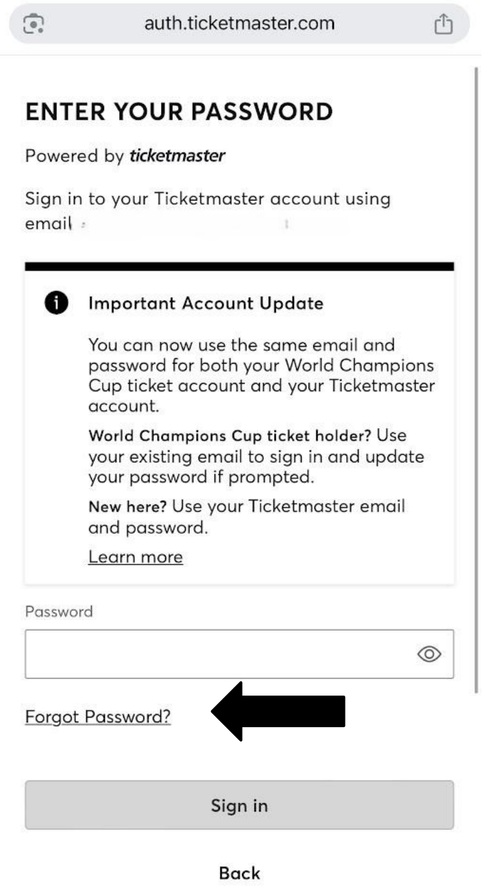
If you **DID NOT** receive the transfer email, visit **https://am.ticketmaster.com/pgawcc/myevents**
You will then be directed to a page that looks like Step 2. Once you are signed in, you will see a box with the transfer offer. Click “Accept.”



2. To accept the ticket(s), you will need to have a Ticketmaster account with the **same email address** the ticket(s) were transferred to.



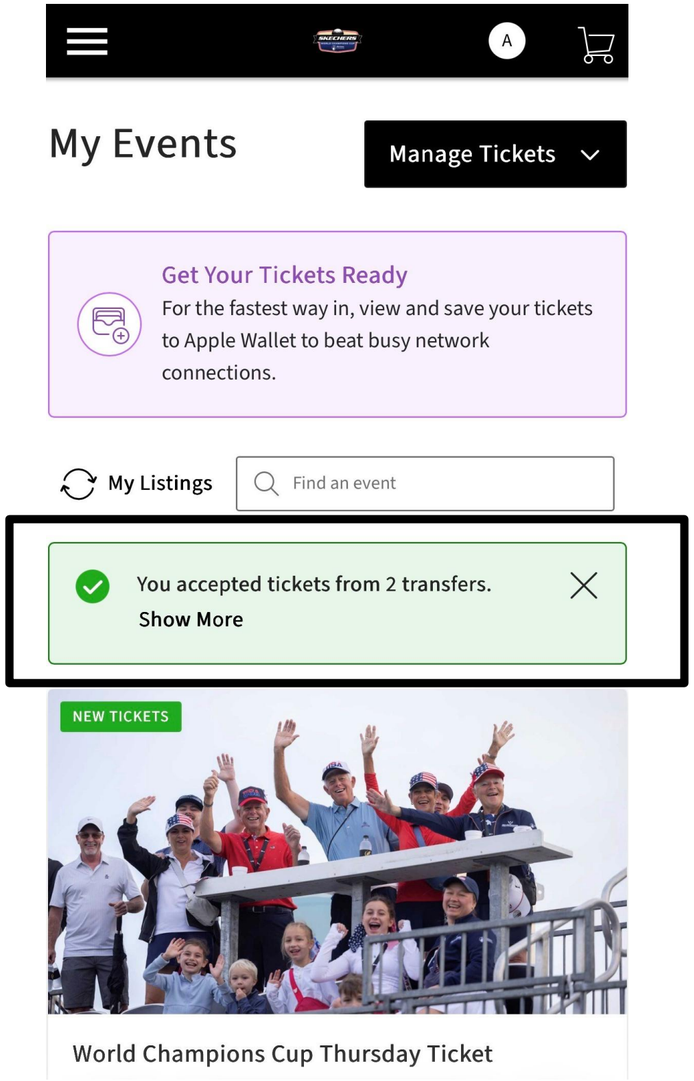




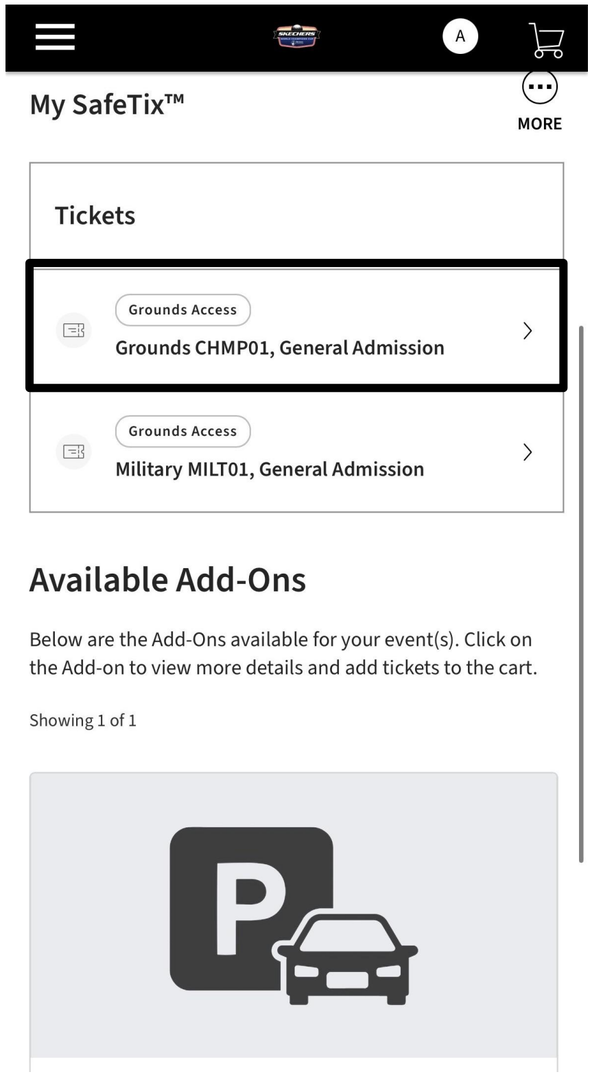
If you are signing in with an email address that does not have an account already, the system will prompt you to create an account.

If you have an account with that email address, but forgot your password, please click on "Forgot Password?"

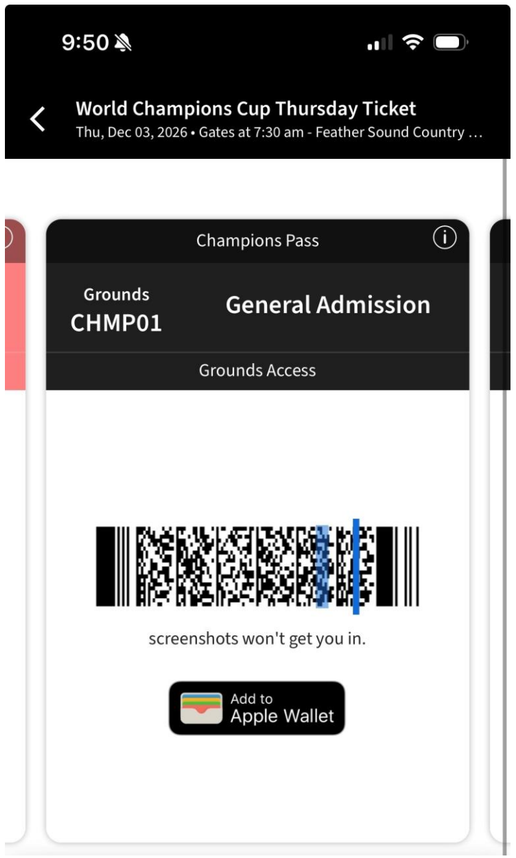
3. Once your account is created or you signed in with your existing account, you will see a pop up that says you have accepted the ticket(s). You can now view and manage your tickets in your account.



4. From the “My Events” page, select the ticket that you wish to pull up to show the rotating barcode, or add to your phone’s mobile wallet.



5. This is your ticket! You are ready to scan the rotating barcode at the tournament entrance for admission. If you have multiple tickets, swipe side-to-side to access all your ticket barcodes.



If you want to save your ticket to your phone’s mobile wallet, see instructions on the next page.

TIP: We recommend that you click “Add to Apple Wallet” for iOS devices or “Save to Phone” for Android devices prior to arrival at the tournament for quicker access.
